MELTING AND REFINING DEPARTMENT

Philadelphia, 13th October 1884

Sir,

In explanation of the obvious error in the Reports on Refining made in December, 1883, and January, 1884, I beg to say that both Reports were made at the same time, because some of the work of December was pushed forward into January, and that, in so doing, a large portion of the Amounts refined in January were, by error of transcriber, put on the December Report. I beg to transmit herewith a correct Report of the Amounts Refined in December, 1884, ^{the} erroneous Report

Very Respectfully,

J. C. Booth

Hon. A. Loudon Snowden
